

Each property needs 5 photos.

Structure Front –please stand approximately 20ft (near the sidewalk) from the structure to ensure the foundation and roof are within the photo. Additionally, the entire front from left to right of the structure should be visible

Sample Front

Structure Rear –please stand approximately 20 ft (near the back-fence line) from the structure to ensure the foundation and roof are within the photo. Additionally, the entire rear from left to right of the structure should be visible

Sample Back

Structure Left –please stand approximately 20 ft from the structure near the left corner of the property so that the foundation and roof are within the photo. Note –It may not be possible to photograph from the front to the back due to a fence and that is acceptable.

Sample Left

Structure Right –please stand approximately 20 ft from the structure near the right corner of the property so that the foundation and roof are within the photo. Note –It may not be possible to photograph from the front to the back due to a fence and that is acceptable.

Sample Right

Ruler Near Foundation – this photo is often best taken with two individuals. Please use a ruler, yard stick, or measuring tape to photograph the distance from the ground to the top of the foundation. Ensure the numbers are visible within the photograph.
